

Ermine Stitch

Start with a straight stitch from top to bottom.

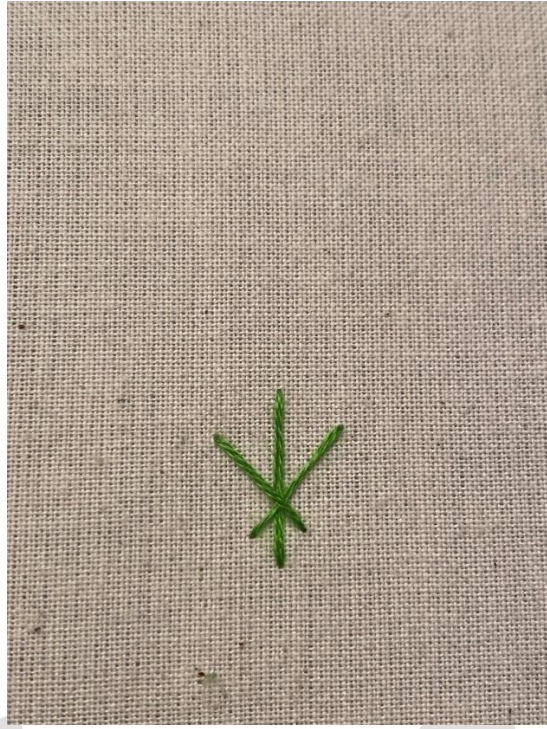

Next, you're effectively going to stitch a diagonal cross. Refer to the final picture, of the stitch.

Come up to the right of the top of the straight stitch – slightly below it. Take the stitch down to the left, just on the other side of the straight stitch. However, on this side, the 'tail' is less far away from the straight stitch.

Then, do the same, but in the opposite direction.

Again, if that doesn't make sense, refer to the final picture!
